Mrs. Charlotte Steele

Charlotte Steele is an LHS institution. She has helped thousands of students, parents, faculty and staff over the last 30 plus years and she has done it with kindness, empathy and love. Her heart is as big as the state of Texas and she has the innate ability to make you feel as if she is only paying attention to you when you are in her presence. Picturing the nurse's office without Charlotte Steele is unfathomable. She is synonymous with the LHS nurse's office and the care, comfort and wisdom that permeates that space. She is part teacher, part counselor, part social worker, part mother, part wise elder stateswoman.... and the quintessential school nurse. To say that Charlotte Steele will be missed is an understatement. To say that she is respected, admired and beloved just scratches the surface. " Nurse is just another word to describe a person strong enough to tolerate everything and soft enough to understand everyone." We will miss her beyond words. She will always be part of Longmeadow High School.
